DESCRIBE PROBLEM(S) WITH YOUR PHONE:

IMPORTANT:

1. PLEASE DO NOT SEND ANY OTHER ITEMS WITH THE PHONE(e.g. SIM card, SD card, charger, etc) ONLY send the phone, battery and battery door. Atlanta Cell Phone Repair cannot and will not be held responsible for any extra items you send that we do not request.
2. Also important: Please arrange for proof of delivery with your shipper for your records. This will reduce your need to call us to get an update before we have actually gotten very far with our work. Our technicians need to spend their time repairing and testing customer phones; handling PREMATURE customer calls will slow down their progress on your phone and those of other customers. Please understand.
3. Cell phones left with us past 30 days will be disposed of as we see fit. We make every attempt to contact customers who have not arranged to receive their phones; if we have your current contact information (both email and phone number) we will contact you and arrange for delivery of your phone. Be sure the contact information you provide us is current.
4. LIQUID DAMAGED phones are subject to different repair conditions. ALL phones being sent to us are inspected for water damage. You must initial beside the conditions listed below when sending us ANY phone:

_____ I understand that my electronic device may have sustained liquid damage and that this may have rendered my phone inoperable or partially operable. I understand that damage caused by liquids has voided my "warranty."

_____ I am submitting my equipment to CPR so that they may attempt to repair the full functionality of my device. I assume ALL RISK involved and realize that the condition of my phone may degrade before, during or after the repair process because of damage caused by liquid. I also acknowledge that I may lose any data that is on my phone when I send it in for repair if, in fact, the damage to the device was caused by liquids.

_____ I understand that the cleaning, testing, and repair provided to me for my liquid damaged phone by CPR holds no guarantees or warranties.
